Dear Owners and Agents of HUD-Assisted Housing,

SUBJECT: MassHousing's Tenant Assistance Program (TAP)

We at HUD are pleased to encourage participation in TAP, MassHousing's Tenant Assistance Program.

TAP works with management company staff to address an array of social issues in housing developments. It offers services that promote housing stability, community building, conflict resolution, and knowledge and capacity building. TAP is an excellent way to improve a development's overall performance.

HUD supports the necessary and reasonable cost for all TAP program benefits as allowable project expenses.

For more information about TAP, please contact Kelly Hetrick of MassHousing at 617-854-1352.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Crisafulli".

Joe Crisafulli
Asset Management Division Director
