

Affirmative Fair Housing Marketing Plan (AFHMP)

Directions for Completing Worksheet 1

Exporting Data from the United States Census Bureau

Process Overview

This PowerPoint provides step by step instructions on:

- “How to Export Data from the US Census Bureau to Complete Worksheet 1” and “How to Determine which Demographic Groups are “Least Likely to Apply” to complete Section 3b., of the AFHMP.
- Completing “Worksheet 1” of the AFHMP is one of the **MOST** important steps in preparing an AFHMP for review and approval.
- Correct data in Worksheet 1 is critical in determining which “Groups” are considered “Least Likely to Apply” for housing. The “Groups” identified are represented in Section (3)b for the AFHMP form.
- Demographic data exported from the United States Census Bureau is represented on Worksheet 1 of the AFHMP form. Worksheet 2 is completed only when there is a “Residency Preference”. Marketing and Outreach efforts to the “Groups” considered “least likely to apply” are identified on Worksheet 3 and Worksheet 4.

Why Worksheet 1 is the MOST Important Part of the AFHMP Completion Process

- Worksheet 1 is where the subject property's demographic data, that is exported from the United Census Bureau, is located.
- The data identified on Worksheet 1, shows the percentage indicators for those groups who are “least likely to apply”, for housing at the subject property.
- This data is derived by entering the exact address of where the subject property is located, (Census Tract/Neighborhood), what City it is located in, and what County.

Continued

- If the demographic data represented on Worksheet 1, is not correct, then Section 3b., of the AFHMP will be incorrect and the information on Worksheets 3 and 4 “marketing and community outreach” will be incorrect. This will result in several MH review memos to the Owner/Agent.
- To Complete Worksheet 1 of the AFHMP, we first need to find out the Census Tract # for where the property is located. Once we know the Census Tract #, we can then go to the US Census Bureau website to export all of the demographic data for each group represented on Worksheet 1.

Okay, Let's Begin!

AFHMP Worksheet 1

Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing Opportunities
(See AFHMP, Block 3b)

In the respective columns below, indicate the percentage of demographic groups among the project's residents, current project applicant data, census tract, housing market area, and expanded housing market area (See instructions to Block 1e). If you are a new construction or substantial rehabilitation project and do not have residents or project applicant data, only report information for census tract, housing market area, and expanded market area. The purpose of this information is to identify any under-representation of certain demographic groups in terms of race, color, national origin, religion, sex, familial status, or disability. If there is significant under-representation of any demographic group among project residents or current applicants in relation to the housing/expanded housing market area, then targeted outreach and marketing should be directed towards these individuals least likely to apply. Please indicate under-represented groups in Block 3b of the AFHMP. Please attach maps showing both the housing market area and the expanded housing market area.

Demographic Characteristics	Project's Residents	Project's Applicant Data	Census Tract	Housing Market Area	Expanded Housing Market Area
% White					
% Black or African American					
% Hispanic or Latino					
% Asian					
% American Indian or Alaskan Native					
% Native Hawaiian or Pacific Islander					
% Persons with Disabilities					
% Families with Children under the age of 18					
Other (specify)					

Step 1: Find out the **Census Tract #** for the property.

The Census Tract # is assigned for the demographic data in the area that the property is located. **Google: [Censusreporter.org/locate](https://www.censusreporter.org/locate)**

You will see **Search for an Address.** (see example in next slide)

Type in the property address:

ie. 187 Summer Street, Boston MA 02136

For that address, the **Census Tract # is 1401.07**

We know from the address that the City is **Boston. (Housing Market Area)**

It will also show you the **County** the property is located, which is **Suffolk County. (Expanded Housing Market Area)**

Now you have the Census Tract # 1401.07, the City is Boston, the County is Suffolk County, so you are all set to go to the United Census Bureau Data Base to export the Demographic Data and Social Characteristics for all of the above three categories.

The screenshot shows the Census Reporter website interface. The search results for 187 Summer Street, Boston, MA are as follows:

- Block Group 1, Suffolk, MA (blockgroup)
- Census Tract 1401.07, Suffolk, MA (Census Tract#)
- 02136 (ZIP code)
- Boston School District, MA (school district (unified))
- Boston City--Hyde Park, Jamaica Plain, Roslindale & West Roxbury PUMA, MA (PUMA)
- Boston, MA (Housing Market Area)
- Boston city, Suffolk County, MA (Expanded Market Area- Suffolk County)
- 14th Suffolk District, MA (state house (lower))
- Second Suffolk District, MA (state house (upper))

Step 2:

Now it's time to Retrieve Demographic Data from US Census Bureau.

Go to: Google: <https://data.census.gov>

In Search Box type: DP05, Click on DP05: ACS Demographic and Housing Estimates

The screenshot shows the data.census.gov website. The search bar contains the text "DP05". A dropdown menu is visible below the search bar, showing two search results: "DP05: ACS Demographic and Housing Estimates" and "DP05: ACS DEMOGRAPHIC AND HOUSING ESTIMATES". A blue arrow labeled "1" points to the search bar, and another blue arrow labeled "2" points to the first search result. The website header includes the United States Census Bureau logo and navigation links for Tables, Maps, and Profiles. The main heading is "Explore Census Data" with the subtitle "Learn about America's People, Places, and Economy".

DP05 Brings You to This Screen:

Here is where you select the **Filters** for exporting data for the County, the Place (City or Town) and the Census Tract Area

The screenshot shows the United States Census Bureau DP05 data table interface. The left sidebar contains a 'Filter' button, which is highlighted by a blue arrow. Below the 'Filter' button is a search box for filters and a list of geography levels: Nation, State, County, County Subdivision, Place, ZIP Code Tabulation Area, Metropolitan/Micropolitan Statistical Area, Census Tract, Block, Block Group, and All Geographies. The main content area displays a table of demographic data for the United States. The table has columns for Label, Estimate, Margin of Error, Percent, and Percent Margin of Error. The data is organized into sections, with 'SEX AND AGE' expanded to show 'Total population' and various age groups.

Label	Estimate	Margin of Error	Percent	Percent Margin of Error
SEX AND AGE				
Total population	333,287,562	*****	333,287,562	(X)
Male	165,228,214	±33,974	49.6%	±0.1
Female	168,059,348	±33,976	50.4%	±0.1
Sex ratio (males per 100 females)	98.3	±0.1	(X)	(X)
Under 5 years	18,358,199	±18,313	5.5%	±0.1
5 to 9 years	19,770,314	±18,288	5.9%	±0.1
10 to 14 years	21,220,214	±18,259	6.4%	±0.1
15 to 19 years	21,785,658	±18,259	6.5%	±0.1
20 to 24 years	22,446,040	±18,259	6.7%	±0.1
25 to 34 years	45,233,264	±18,259	13.6%	±0.1
35 to 44 years	44,047,644	±18,259	13.2%	±0.1
45 to 54 years	40,476,446	±18,259	12.1%	±0.1
55 to 59 years	20,553,615	±18,259	6.2%	±0.1
60 to 64 years	21,573,853	±18,259	6.5%	±0.1

Step 3: Click on: County

The screenshot displays the United States Census Bureau website interface. The search bar at the top contains the text "DP05: ACS Demographic and Housing Estimates". The left sidebar shows a "1 Filter" section with "DP05" selected. Below this, the "Geography" section is expanded, and "County" is selected, indicated by a blue arrow. The main content area shows "1 Result" for "DP05 | ACS Demographic and Housing Estimates". A table titled "United States" displays demographic data for the "SEX AND AGE" category. The table includes columns for Label, Estimate, Margin of Error, Percent, and Percent Margin of Error.

Label	Estimate	Margin of Error	Percent	Percent Margin of Error
SEX AND AGE				
Total population	333,287,562	*****	333,287,562	(X)
Male	165,228,214	±33,974	49.6%	±0.1
Female	168,059,348	±33,976	50.4%	±0.1
Sex ratio (males per 100 females)	98.3	±0.1	(X)	(X)
Under 5 years	18,358,199	±18,313	5.5%	±0.1
5 to 9 years	19,770,314	±74,288	5.9%	±0.1
10 to 14 years	21,220,214	±73,259	6.4%	±0.1
15 to 19 years	21,785,658	±36,858	6.5%	±0.1
20 to 24 years	22,446,040	±36,578	6.7%	±0.1
25 to 34 years	45,233,264	±45,742	13.6%	±0.1
35 to 44 years	44,047,644	±32,691	13.2%	±0.1
45 to 54 years	40,476,446	±29,935	12.1%	±0.1
55 to 59 years	20,553,615	±65,466	6.2%	±0.1
60 to 64 years	21,573,853	±65,896	6.5%	±0.1

Step 4: Click on County, then Massachusetts

The screenshot displays the Census Bureau's data exploration interface. On the left, a sidebar contains a '1 Filter' section with a 'Clear search' button and a search input. Below this is a 'Geography' section with a list of options: Nation, State, County (highlighted with a blue arrow), County Subdivision, Place, ZIP Code Tabulation Area, Metropolitan/Micropolitan Statistical Area, Census Tract, Block, Block Group, and All Geographies. Further down are 'Topics' and 'Surveys' sections. The main content area shows a 'Select State' modal window with a search bar and a list of states. A blue arrow points to 'Massachusetts' in the list. The 'Tables' tab is selected at the top of the main content area.

Step 5: Select Suffolk County

The screenshot shows the United States Census Bureau website interface. At the top, the search bar contains "DP05: ACS Demographic and Housing Estimates". The "Tables" tab is selected. On the left, the "2 Filters" panel shows "DP05" and "Suffolk County, Massachusetts" selected. The "Geography" section on the left has "County" selected. The main content area displays a list of counties in Massachusetts with checkboxes. "Suffolk County, Massachusetts" is checked, and a blue arrow points to this selection from the title above.

- Worcester County, Massachusetts

Step 6: Now that you have County Data, you will need the Housing Market Area Data, select Place, then Massachusetts

The screenshot shows the United States Census Bureau website interface. At the top, the URL is "DP05: ACS Demographic and Housing Estimates". The page is divided into several sections:

- Filters:** On the left, there are 2 filters: "DP05" and "Suffolk County, Massachusetts". Below these is a search bar for filters and a "Geography" section with options like Nation, State, County, County Subdivision, **Place** (highlighted with a blue arrow), ZIP Code Tabulation Area, Metropolitan/Micropolitan Statistical Area, Census Tract, Block, Block Group, and All Geographies. There are also "Topics" and "Surveys" sections.
- Select State:** A dropdown menu is open, showing a list of states. "Massachusetts" is highlighted with a blue arrow. Other states listed include Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Michigan, Minnesota, Mississippi, and Missouri.
- Results:** On the right, there is a "1 Result" section showing "American Community Survey DP05 | ACS Demographic and Housing Estimates" with a "View All 26 Products" link.

Step 7: Select the City the development is located

The screenshot shows the United States Census Bureau website interface. At the top, the search bar contains "DP05: ACS Demographic and Housing Estimates". Below the search bar, the "Tables" tab is selected. On the left, the "3 Filters" panel shows "DP05" and "Suffolk County, Massachusetts" and "Boston city, Massachusetts" selected. The "Geography" section is expanded to "Place", and "Boston city, Massachusetts" is selected in the list. A blue arrow points from the title "Step 7: Select the City the development is located" to the "Boston city, Massachusetts" checkbox. On the right, a "1 Result" panel shows "American Community Survey DP05 | ACS Demographic and Housing Estimate".

Step 8: Next, to find Census Tract data, select Census Tract, select State, then County, then scroll down to find the Census Tract

Step 10: This is the Screen shot from clicking the Results Box. We do not need to see the Sex and Age Info, so just click on down arrow to remove.

The screenshot shows the Census Bureau's data table interface. The search results are for 'DPO5: ACS DEMOGRAPHIC AND HOUSING ESTIMATES' for Suffolk County, Massachusetts. The table displays demographic data for three geographic areas: Suffolk County, Census Tract 1401.07, and Boston city. The 'SEX AND AGE' category is expanded in the left sidebar, and a blue arrow points to the dropdown arrow next to it, indicating it should be collapsed to remove this information from the view.

	Suffolk County, Massachusetts		Census Tract 1401.07, Suffolk County, Massachusetts		Boston city, Massachusetts

DP05 | ACS DEMOGRAPHIC AND HOUSING ESTIMATES

Step 13: To complete Worksheet 1 of the AFHMP, it is easier to format these Columns so that they are in the same sequence as they are listed on Worksheet 1.

1. Move Suffolk County column to the right of the page by holding the cursor on Suffolk County, and dragging it over to last column.

Some Other Race alone	0	0.0%	5,824	0.9%	7,135	0.9%
▼ Two or More Races	94	3.1%	30,403	4.6%	34,093	4.3%

Step 16: Exporting Social Characteristic Data from the US Census Bureau

- The last step, in completing Worksheet 1, is to access the data from the US Census Bureau for the Social Characteristics for the Census Tract area, the Housing Market Area and the Expanded Housing Market Area. This includes the percentages for two groups, **Persons with Disabilities and Households with one or more people under the Age of 18. (Note: Households with one or more people under 18 applies to Families with Children under the age of 18 on Worksheet 1)**

In the SEARCH bar enter: **DP02**, select SEARCH and then select **Filters**.

The screenshot shows the US Census Bureau data table for DP02: Selected Social Characteristics in the United States. The table is titled "DP02 | Selected Social Characteristics in the United States" and is filtered for "United States". The table has columns for "Label", "Estimate", "Margin of Error", "Percent", and "Percent Margin of Error". The data is organized into a hierarchy of household types.

Label	Estimate	Margin of Error	Percent	Percent Margin of Error
HOUSEHOLDS BY TYPE				
Total households	129,870,928	±136,261	129,870,928	(X)
Married-couple household	60,921,873	±168,299	46.9%	±0.1
With children of the householder under 18 years	22,997,383	±76,293	17.7%	±0.1
Cohabiting couple household	9,521,832	±52,964	7.3%	±0.1
With children of the householder under 18 years	3,005,360	±39,474	2.3%	±0.1
Male householder, no spouse/partner present	23,819,160	±77,831	18.3%	±0.1
With children of the householder under 18 years	1,575,169	±27,080	1.2%	±0.1
Householder living alone	16,855,668	±71,731	13.0%	±0.1
65 years and over	4,987,996	±37,343	3.8%	±0.1
Female householder, no spouse/partner present	35,608,063	±83,298	27.4%	±0.1
With children of the householder under 18 years	6,202,793	±51,286	4.8%	±0.1
Householder living alone	20,305,432	±76,715	15.6%	±0.1
65 years and over	9,911,329	±39,879	7.6%	±0.1
Households with one or more people under 18 years	37,783,845	±88,553	29.1%	±0.1
Households with one or more people 65 years and over	41,160,367	±64,454	31.7%	±0.1

Step 17: Last step to complete Worksheet 1, is to now export data for Households with one or more people under 18 years old and Persons with Disabilities. Follow the same steps that were used to export the data for Race, under Filters.

Select Census Tract, then Place, then County, then Results

The screenshot shows the United States Census Bureau website interface. At the top, there is a search bar with the text "DP02: Selected Social Characteristics in the United States" and an "Advanced Search" button. Below the search bar, there are navigation tabs for "Tables", "Maps", "Profiles", and "Pages". The main content area is divided into a left sidebar and a central panel. The left sidebar contains a "Filters" panel with a "Results" button and a "4 Filters" section. The "Filters" section includes a "DP02" filter, a "Suffolk County, Massachusetts" filter, a "Boston city, Massachusetts" filter, and a "Census Tract 1401.07; Suffolk C..." filter. Below these filters is a "Clear search & filters" button and a search box for filters. The "Geography" section in the sidebar lists various levels of geography, with "Census Tract" highlighted in blue. The central panel shows a list of census tracts in Suffolk County, Massachusetts, with checkboxes next to each. The "Census Tract 1401.07; Suffolk County; Massachusetts" entry is checked. A blue arrow points from the "Results" button in the Filters panel to the "Census Tract" filter category in the sidebar.

Step 18: As with exporting the Race data, you will need to: (1) hit the (<<) to minimize cell, (2) Click on 2018: ACS 5-Year Estimate and in drop down box Select 2022: ACS 5-Year Estimates, (3) click on Margin of Error to minimize screen view

The screenshot shows the United States Census Bureau data tool interface. The main content area displays a table for Suffolk County, Massachusetts, with columns for Label, Estimate, Margin of Error, Percent, Percent Margin of Error, and Estimate. The table is filtered for '2022: ACS 5-Year Estimates Data Profiles' and shows data for various categories including VETERAN STATUS and DISABILITY STATUS OF THE CIVILIAN NONINSTITUTIONALIZED POPULATION.

Label	Estimate	Margin of Error	Percent	Percent Margin of Error	Estimate
VETERAN STATUS					
✓ Civilian population 18 years and over	656,745	+238	656,745	00	2,241
Civilian veterans	19,788	+914	3.0%	+0.1	90
DISABILITY STATUS OF THE CIVILIAN NONINSTITUTIONALIZED...					
✓ Total Civilian Noninstitutionalized Population	785,160	+567	785,160	00	2,754
With a disability	96,641	+2,138	12.3%	+0.3	333
Under 18 years	134,030	+117	134,030	00	513
With a disability	6,457	+634	4.8%	+0.5	8
18 to 64 years	562,943	+514	562,943	00	1,932
With a disability	53,714	+1,614	9.5%	+0.3	235
65 years and over	88,187	+353	88,187	00	309
With a disability	36,470	+1,038	41.4%	+1.1	90
RESIDENCE 1 YEAR AGO					
✓ Population 1 year and over	782,750	+629	782,750	00	2,722
Same house	633,571	+3,766	80.9%	+0.5	2,388
Different house in the U.S.	133,540	+3,267	17.1%	+0.4	326
Same county	72,057	+3,022	9.2%	+0.4	190
Different county	61,483	+2,178	7.9%	+0.3	136
Same state	30,954	+1,647	4.0%	+0.2	92

Next: Move the County column to the far-right column position so that the data positions match Worksheet 1.

The screenshot shows a data table from the Census Bureau. The table is titled 'DP02 | Selected Social Characteristics in the United States'. It has columns for 'Census Tract 1401.07; Suffolk County, Massachusetts', 'Boston city, Massachusetts', and 'Suffolk County, Massachusetts'. Each of these columns has sub-columns for 'Estimate' and 'Percent'. The table lists disability status under the heading 'DISABILITY STATUS OF THE CIVILIAN NONINSTITUTIONALIZED...'. A blue arrow points from the text '(2) Total Civilian Non-Institutionalized with a disability.' to the row 'With a disability'.

Label	Census Tract 1401.07; Suffolk County, Massachusetts		Boston city, Massachusetts		Suffolk County, Massachusetts	
	Estimate	Percent	Estimate	Percent	Estimate	Percent
DISABILITY STATUS OF THE CIVILIAN NONINSTITUTIONALIZED...						
Total Civilian Noninstitutionalized Population	3,065	3,065	661,524	661,524	780,275	780,275
With a disability	541	17.7%	79,571	12.0%	95,369	12.2%

By Following All of the above Outlined Steps for Exporting Data from the USCB, the Completed Worksheet 1, Should Look Like the Example Below:

Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing Opportunities
(See AFHMP, Block 3b)

In the respective columns below, indicate the percentage of demographic groups among the project's residents, current project applicant data, census tract, housing market area, and expanded housing market area (See instructions to Block 1e). If you are a new construction or substantial rehabilitation project and do not have residents or project applicant data, only report information for census tract, housing market area, and expanded market area. The purpose of this information is to identify any under-representation of certain demographic groups in terms of race, color, national origin, religion, sex, familial status, or disability. If there is significant under-representation of any demographic group among project residents or current applicants in relation to the housing/expanded housing market area, then targeted outreach and marketing should be directed towards these individuals least likely to apply. Please indicate under-represented groups in Block 3b of the AFHMP. Please attach maps showing both the housing market area and the expanded housing market area.

Demographic Characteristics	Project's Residents	Project's Applicant Data	Census Tract	Housing Market Area	Expanded Housing Market Area
			1401.07	Boston	Suffolk County
% White			30.5%	44.2%	43.8%
% Black or African American			33.2%	21%	18.5%
% Hispanic or Latino			33.2%	19.6%	23.5%
% Asian			0%	9.6%	8.7%
% American Indian or Alaskan Native			0%	0.2%	0.2%
% Native Hawaiian or Pacific Islander			0%	0.1%	0%
% Persons with Disabilities			17.7%	12%	12.2%
% Families with Children under the age of 18			32.3%	20.9%	22.1%
Other (specify)			3.1%	5.5%	5.2%

The Demographic Data that is represented in Worksheet 1 (3a) directly impacts the Groups Selected as “Least Likely to Apply in (3b) for Targeting Marketing Activity.

Identifying the Groups Considered “Least Likely to Apply”

AFHMP Demographics Item 3b

Complete Item 3b of the AFHMP. Review demographic data information presented on Worksheet 1 to determine which groups would be considered “least likely to apply”.

- 3b – Targeted Marketing Ability
 - “Least likely to apply” means that there is an identifiable presence of a specific demographic group in the housing market area, but members of the group are not likely to apply without targeted outreach....Reasons for not applying may include, but are not limited to, insufficient information about housing opportunities, language barriers, or transportation impediments.

Determining from Worksheet 1 the Groups Considered “Least Likely to Apply”

Once Worksheet Sheet 1 is populated with the demographic data from the US Census Bureau, it’s time to determine, which “Groups” are considered “Least Likely to Apply” and then identify those “Groups” in Section 3(b) of the AFHMP.

For **new developments**, we determine those “Groups” in Section 3(b) by comparing the **Census Tract data column** to the **Housing Market Area data column** and the **Expanded Housing Market Area data column**.

If it is an **existing development**, the “Groups” are identified by comparing the **Project Resident data column** to the **Census Tract data column** and the **Housing Market Area column** and the **Expanded Housing Market Area column**.

Note: If there is a *Residency Preference* for the Property, **Worksheet 2** will also have to be completed. For Worksheet 2, the Demographic Data matches Worksheet 1 and the Residency Preference data column matches the data in the Housing Market area column.

Please see the following two examples for completing (3b) of the AFHMP form
(1) New Developments (2) Existing Developments with Project Resident Data

Item 3b – Example 1, New Development With No Existing Project Residents

3a. Demographics of Project and Housing Market Area

Complete and submit Worksheet 1.

3b. Targeted Marketing Activity

Based on your completed Worksheet 1, indicate which demographic group(s) in the housing market area is/are *least* likely to apply for the housing without special outreach efforts. (check all that apply)

- White
 American Indian or Alaska Native
 Asian
 Black or African American
 Native Hawaiian or Other Pacific Islander
 Hispanic or Latino
 Persons with Disabilities
 Families with Children
 Other ethnic group, religion, etc. (specify)

Note: For developments that are “new”, with no existing project resident data, compare the Census Tract data percentages to the Housing Market Area and the Expanded Housing Market Area percentages, to determine which “Groups” are “Least Likely to Apply”.

In this example, the asterisks, represent the groups considered “least likely to apply”, because of the low data percentages.

Demographic Characteristics	Project's Residents	Project's Applicant Data	Census Tract 813	Housing Market Area Boston	Expanded Housing Market Area Roxbury, MA
% White			11.0%	44.5%	44.9%
% Black or African American			39.2%	22.7%	20.1%
% Hispanic or Latino			44.3%	19.8%	22.9%
% Asian			2.3%	9.6%	8.8%
% American Indian or Alaskan Native			0%	.2%	.2%
% Native Hawaiian or Pacific Islander			0%	.1%	0%
% Persons with Disabilities			20.7%	11.9%	12.0%
% Families with Children under the age of 18			6.7%	10.1%	11.0%
Other (specify)			3.2%	3.2%	3.1%

Item 3b – Example 2, Development With Existing Project Residents

3a. Demographics of Project and Housing Market Area
Complete and submit Worksheet 1.

3b. Targeted Marketing Activity

Based on your completed Worksheet 1, indicate which demographic group(s) in the housing market area is/are least likely to apply for the housing without special outreach efforts. (check all that apply)

- White
 American Indian or Alaska Native
 Asian
 Black or African American
 Native Hawaiian or Other Pacific Islander
 Hispanic or Latino
 Persons with Disabilities

Families with Children
 Other ethnic group, religion, etc. (specify)

Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing

Project's Residents	Project's Applicant Data	Census Tract	Housing Market Area	Expanded Housing Market Area	
		3398.02	Medford	Middlesex County	
% White	21.76% 	21.76%	66.5%	71.1%	71.9%
% Black or African American	24%	12.44%	16.0%	9.1%	5.0%
% Hispanic or Latino	42%	21.76%	3.8%	6.5%	8.0%
% Asian	41%	21.76	11.3%	9.8%	11.9%
% American Indian or Alaskan Native	0% 	0%	5%	0%	.1%
% Native Hawaiian or Pacific Islander	0% 	0%	0%	0%	0%
%Persons with Disabilities	UNKNOWN	UNKNOWN	12.8%	8.4%	9.3%
%Families with Children under the age of 18	UNKNOWN	UNKNOWN	10.4% 	15.3%	22.4%
Other (specify)					
	UNKNOWN	UNKNOWN	1.8%	3.4%	3.1%

By Comparing the Existing Project Resident column data percentages to the Census Tract, the Housing Market Area and the Expanded Housing Market Area columns, we identify that White, American Indian or Alaskan Native and Native Hawaiian or Other Pacific Islander, and Families with Children are "Groups" that should be outreached to for housing.

Congratulations!

Worksheet 1 of
the AFHMP

NOTE: When Completing the AFHMP, Please refer to the MassHousing AFHMP Checklist Prior to Submitting Plan to MassHousing for Review

MassHousing (AFHMP) Affirmative Fair Housing Marketing Plan Checklist	
<input type="checkbox"/>	<p>Determine which AFHMP form should be used.</p> <p>If only State and Local funds are being used, with no Federal affiliation, the MassHousing AFHMP must be used.</p> <p>If there is Section 8 Project Base, HUD Risk Share, or MAP JV, the HUD 935-2A Affirmative Fair Housing Marketing Plan must be used.</p> <p>NOTE: Both forms are located on the MassHousing Rental Portal. If you are uncertain about which form is correct for your property, please contact either the MassHousing Asset Manager or the Underwriter/Originator.</p>
<input type="checkbox"/>	<p>Directions for each question on the AFHMP form are outlined on pages 6-8 of the AFHMP form.</p> <p>Completing Worksheet 1 of the AFHMP is MOST IMPORTANT. The data exported from the United States Census Bureau MUST be accurate to determine which groups are considered "least likely to apply".</p> <p>NOTE: Step by Step Directions for Completing Worksheet 1 and exporting data from the United States Census Bureau are on the MassHousing Rental Portal.</p>
	<p style="text-align: center;">With every AFHMP submission to either MassHousing or HUD, the following attachments <u>MUST be included</u>:</p>
<input type="checkbox"/>	<p>For existing properties, photo of the <u>Property Sign</u> (include Fair Housing Logos) where the sign is located, and the size.</p> <p>For new properties, a rendering of what the Property Sign will look like, (include Fair Housing Logos) where the sign will be located and the size.</p>
<input type="checkbox"/>	Copies of the Maps for the Housing Market Area (the City) & Expanded Housing Market Area (the County).
<input type="checkbox"/>	Fair Housing Training Materials
<input type="checkbox"/>	Copy of the Advertisement (must be site specific)
<input type="checkbox"/>	Copy of the Community Outreach letter (must be site specific)
	<p>If there is a <u>Residency Preference</u>, Worksheet 2, must also be filled out.</p> <p>NOTE: For Worksheet 2, the Residency Preference column should match the demographic data represented in the Housing Market Area column.</p>
<input type="checkbox"/>	<p>In 4a. #3, it is important to indicate in the narrative, the percentage number for the Residency Preference. (i.e., 70% of Boston residents). The Residency Preference information represented in this section of the AFHMP should match what is included in the MH Tenant Selection Plan.</p>
<input type="checkbox"/>	<p>In Section 7d., of the AFHMP, please indicate when the last training was for staff on Fair Housing and when the next training is scheduled. NOTE: Fair Housing Training should take place annually.</p>
<input type="checkbox"/>	Please be sure to have the Owner/Agent sign the AFHMP, located in Section 9 of the form.

This AFHMP Worksheet 1 training information was based on US Census Bureau search engine information provided as of June 2024. If you find that the directions are no longer viable because of changes made at the US Census Bureau database platforms, please email us at afhmp@masshousing.com

Additionally, if you need assistance in completing Worksheet 1 or have specific questions regarding the AFHMP preparation process, please email us at: afhmp@masshousing.com

Note: Prior to submitting the AFHMP's to MassHousing for review, please refer to the "MassHousing AFHMP Checklist" on the MH Rental Portal Page under the [MH-AFHMP-Checklist \(8\).pdf](#)
